## Professional Summary

Entry-level Full Stack Developer with practical experience in developing end-to-end web and mobile applications using React, Node.js, Express, and MySQL. Hands-on experience working on production applications during internship, including UI development, API integration, authentication, and dashboard workflows. Strong understanding of REST APIs, backend logic, and database operations, with a focus on building scalable, user-centric solutions.

## Technical Skills

**Frontend:** React.js, JavaScript, HTML5, CSS3

**Backend:** Node.js, Express.js

**Database:** MySQL

**APIs & Concepts:** REST APIs, Authentication, Role-Based Access Control (RBAC – Basic)

**Tools:** Git, GitHub, Postman

## Experience

### Frontend Developer Intern

Mantravat Infotech

6 Months

- Developed reusable and responsive UI components using React Native
- Implemented authentication workflows including login, registration, and logout
- Built and enhanced mobile dashboard screens and user navigation flows
- Integrated frontend application with backend REST APIs
- Managed loading, success, and error states to improve user experience
- Implemented form validation and client-side input handling
- Fixed UI bugs and improved overall application usability
- Followed clean code principles and component-based architecture
- Used Git and GitHub for version control and team collaboration

## Projects

### Hotel Booking System (Full Stack)

Tech Stack:

React.js, Node.js, Express.js, MySQL

- Built RESTful APIs using Node.js and Express.js for authentication, bookings, users, and hotel management
- Designed and managed MySQL database schemas for users, hotels, rooms, and bookings
- Implemented CRUD operations and server-side validation
- Developed frontend pages including Landing, Login, and Registration screens using React
- Built hotel details page with dynamic room selection and pricing
- Created hotel management dashboard for rooms, pricing, and amenities
- Developed admin dashboard with user and booking management features
- Implemented booking cancellation workflow
- Integrated frontend with backend APIs for real-time data handling

## Education

### Bachelor of Technology (B.Tech) – Electronics

Jawaharlal Nehru Technology University, Anantapur

Board of Intermediate Education

Jyothirmayi Junior College

Jan 2020 – May 2024

Adoni, Andhra Pradesh

June 2018 – Jan 2020

Adoni, Andhra Pradesh

## Additional Information

Open to Full Stack Developer and Software Developer roles

Strong interest in building scalable web applications
